

Mailbox Standards

The 24-inch perimeter surrounding the mailbox post may be landscaped. Flowers should not exceed 18 inches in height. Per USPS standards, bee attracting plants are prohibited.

Decals, decorative items, etc. are not allowed. Metal mailboxes are not strong enough to support name plates, per the manufacturer. Please let the Administration Office know if you would like your last name placed on the front of your mailbox with letters that match the numbers in color and design.

The Hunters Ridge Community Association replaces each mailbox in the community. If there is a problem with your mailbox, please let the Administration Office know as soon as possible and we will make arrangements to get it repaired. Members are responsible for mailbox maintenance. Metal mailboxes can be cleaned by spraying and wiping with WD40 every 3 months.
