HURRICANE PROTECTION DEVICES/MATERIALS - The Architectural Review Committee, as well as the HRCA Board of Directors, encourages all residents to purchase hurricane protection devices/materials in an effort to protect their residences in the event our area is projected to be or is hit by a hurricane. Once hurricane warnings, issued by the National Hurricane Center, are received for our area, all residents are encouraged to immediately install their hurricane protection devices. After the storm has well passed through our area, all residents are asked to take down their protection materials. For those residents who leave for the summer and install their hurricane protection devices prior to departure and keep them installed until they return in the fall, please be advised that your exterior protection devices must be either clear (lexan) or be painted the same exterior body or trim color of your home. Galvanized aluminum protection devices/panels may only be installed for a few days prior to and shortly after a hurricane has passed through the area. All hurricane protection devices must be submitted to and approved by the Architectural Review Committee.

SIGN POLICY - To enhance and protect the property values within Hunters Ridge, and to comply with the Hunters Ridge Master Declaration of Covenants, the Architectural Review Committee will regulate a uniform signage policy. The only signs allowed are For Sale or Open House signs. These signs must strictly follow the guidelines set forth in the signage policy. A copy of the signage policy is available in the Club Administration Office or on our website under the Documents section.

WETLAND PRESERVE AREAS - Entrance into any of the designated wetland preserve areas throughout the golf course and community is strictly prohibited. Only authorized maintenance personnel may enter these areas.

VILLA INSURANCE - Please refer to the Hunter Ridge Master Declaration of Covenants, Article 5.03. The HRCA has obtained property insurance for all eighty (80) villa buildings (206 villa units) with appraised values of almost forty five million dollars (\$45,000,000). This property insurance covers the basic exterior portions of each building such as the exterior concrete block walls and roof structure systems. All eighty buildings were recently appraised, and this property insurance is based on a one hundred percent (100%) coinsurance factor. Thus, each building is insured to 100% of its appraised value. There are however two (2) deductibles with this property insurance. First, each building has a five percent (5%) deductible for windstorm, hail, or hurricane damage. What this means is that if a villa building has been appraised for four hundred fifty thousand dollars (\$450,000) and damage has occurred as a result of a hurricane, all two hundred six (206) villa owners, and not the individual building owners, would be responsible to provide the first twenty two thousand five hundred dollars (\$22,500) for the building repair. Second, there is a ten thousand dollar (\$10,000) deductible on each building for all other perils, such as fire. Here again, if a building was damaged as a result of fire, all 206 villa owners, and not the individual building owners, would have to provide the deductible amount for its repair. Please know that the HRCA currently has no reserves established for the villa property insurance deductibles. All villa unit owners must be aware that this property insurance shall exclude all floor, wall and ceiling coverings, electrical fixtures, appliances, air conditioner/heating equipment, water heaters, water filtration systems, built in cabinets and countertops, window treatments which include curtains, drapes, blinds, hardware and similar window treatment components, or replacement of any of the foregoing which are located within the boundaries of a villa unit and serve only one unit and all air conditioning compressors that service only an individual villa unit, whether or not located within unit boundaries. All villa unit owners must get their own individual interior insurance coverage which includes the drywall and all real or personal property located within the boundaries of the villa owner's unit which is excluded from the coverage provided by the HRCA. Screen enclosures, other than pool enclosures, will be insured by the HRCA policy. Swimming pools and pool screen enclosures, and liability for pools, shall be the sole responsibility of the unit owner to insure.

ARCHITECTURAL REVIEW/USE RESTRICTIONS/EXTERIOR PAINTING/ALTERATIONS - No improvement, addition or deletion of structure of any kind, including without limitation, any building, fence, wall, screen enclosure, awning, drain, disposal system, or other improvement shall be commenced, erected, placed or maintained upon any Site, nor shall any addition, change (including but not limited to changes made in exterior colors of any site/residence done by way of painting), alteration, repair or replacement therein or thereof be made, unless and until the plans, specifications and location of the same shall have been submitted to, and approved in writing by the Architectural Review Committee. All plans and specifications shall be evaluated as to harmony of external design and location in relation to surrounding structures and topography. For additional use restrictions in Hunters Ridge Golf and Country Club, please refer to the Restated Master Declaration of Covenants, Conditions and Restrictions recorded on December 8th, 2006. The use restrictions are found in Article VII.

NOMINATION AND ELECTION PROCEDURES FOR BOARD OF DIRECTORS - The Hunters Ridge Community Association Board of Directors requires that each homeowner fill out a Voter Certification Form for your site (home). This form must be on file in the administration office before any voter can vote on any issue at the Annual Meeting held each year. Any member of the Association may submit his or her own nomination as a candidate for election to the Board of Directors for the election to be held each year. Such submission shall be accompanied by a resume limited to one page. Any current member of the Board must also signify his or her intention to be a candidate for election, but need not file a new resume unless they wish to update the resume already on file. Any member may nominate another member as a candidate for the Board, but the nomination must be accompanied by a resume of the candidate, and a statement from the nominator that the proposed candidate is aware of the nomination and has agreed to be a candidate. Board terms are for two years. Additional rules and regulations may be adopted at the discretion of the HRCA Board of Directors.

Regulations posted on the HRCA Website and the bulletin boards shall be considered a part of these rules and regulations and shall apply to the membership and their guests as included herein.

SECURITY

Hunters Ridge members and annual tenants may purchase an RFID Tag for entry into the community either thru the Main Security Gate on Hunters Ridge Blvd. or the entrance located on Bonita Grande Drive. A Key Fob may also be purchased which allows for pedestrian/bike/golf cart access in and out of the security gate on Bonita Grande Drive and “after hours” access into the Activity Center. Members may fill out a Permanent Guest/Vendor list for weekly/monthly service providers and those friends and family.

TRAFFIC ENTRY

1. When entering the community, please approach the gates at slow, safe speeds. While entering the main security gate, use extreme caution if making an immediate left turn on to Fox Ridge Drive.
2. At the security gate on Hunters Ridge Blvd., resident members are permitted use of the west entry lane with an RFID tag. As you approach the west entry lane please make sure you do so slowly. If the arm bars do not raise promptly, please be patient. The arm bar will not raise if there is entry being made on the guest side (inside entry lane) of the gate. Resident members not having an RFID tag must use the inside entry lane. Resident members who do not have an RFID tag must politely give the security guards their name and membership number so that the information can be verified and entry allowed.
3. Guests and contractors must use the Main Security Gate on Hunters Ridge Blvd. and will enter via the general traffic (east) lane. All guests/service providers must show a valid photo ID and be properly licensed and insured.
4. The process for allowing guests entry will be as follows (for those not on your permanent guest list):
 - a. Resident members may submit a “Guest Information Form” available in the Clubhouse Administration Office or on our website when you have overnight guests arriving. Those listed on the Guest Information Form will be allowed entry after providing a photo ID. If not filling out a Guest Information Form, please call the Security Guardhouse at 239-992-7691 to announce all guests.
 - b. If you have a guest arriving and the security guards have not been properly advised of such, the security guards will call your residence to seek permission to allow entry. Please know that if the security guards cannot contact you to obtain permission to allow your guest entry and there is no Guest Information Form on file, your guest will politely be denied entry.
5. The process for allowing service providers entry will be as follows (for those not on your permanent vendor list):

Call the security guardhouse (239-992-7691) and inform the guards when you have a service provider arriving. Please make sure all of your service providers are properly licensed and insured before they come into the community. Contractors are permitted to work weekdays and Saturdays from 7:00am to 5:00pm. No work will be permitted on Sundays or the following holidays: New Year’s Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas Day. Should a resident need emergency service such as plumbing, electrical or air conditioning, the contractor will be allowed entry.

If you have a service provider arriving and the security guards have not been properly advised of such, or they are not listed on the Security Information Form, the security guards will call your residence to seek permission to allow entry. Please know that if the security guards cannot contact you to obtain permission to allow your service provider entry, your service provider will politely be denied entry. PLEASE NOTE: If a resident member calls allowing permission for a contractor (i.e. carpet, tile installer, etc.) to come to the residence on that day and the contractor does not show up until the next day, the security guard will allow that contractor entry to go to the member’s residence without receiving a call from the resident member. A one (1) day only “carry over” is allowed by the security guards. Please know that a “certain element of discretion” is allowed by the security guards and staff.
6. Moving vans, tow trucks, etc. are not permitted entry without resident authorization. All vehicles of this type must be escorted to their destination by the resident member. Auto carriers are not allowed into the community. Any loading or unloading of any vehicles is to be done on the North side of the security guardhouse.
7. Packages are not accepted at the security guardhouse either from delivery services, residents or guests. Florists are not permitted to leave flowers, etc. at the guardhouse.
8. When exiting the community on Hunters Ridge Drive (front gate) just pull up to the gates slowly and they will automatically open. Only those with an RFID tag may exit and enter the gate on Fox Ridge Drive (back gate near Bonita Grand Drive). Again, please pull up to the gate slowly and they will automatically open. Service providers and guests must exit the community thru the front gate.
9. Resident members have previously reported unauthorized vehicles “tailgating” when entering the community off of Bonita Grand Drive (Back gate). For security measures, this can be avoided by entering the gate, then stop and wait until the gate closes behind your vehicle. Please notify the Security Office immediately if someone tailgates into the community.
